October 2005

RoHS Environmental Compliance Certificate

This document certifies that the components sold by KRL/Bantry Components, Inc. with the suffix letter "E" at the end of the base part number (following the tolerance code, or tolerance value) are in compliance with the Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronics equipment (RoHS Directives, Article 4). The stated components are certified by KRL/Bantry Components, Inc. as compliant with the definitions given in the directives. Effective materials included:

Cadmium
Hexavalent Chromium
Lead
Mercury
Polybrominated Biphenyl (PBB)
Polybrominated Diphenyl Ether (PBDE)
